S. _____

IN THE SENATE OF THE UNITED STATES

Mr. NELSON of Florida introduced the following bill; which was read twice and referred to the Committee on _____

A BILL

To amend titles XVIII and XIX of the Social Security Act and title III of the Public Health Service Act to improve access to information about individuals' health care options and legal rights for care near the end of life, to promote advance care planning and decisionmaking so that individuals' wishes are known should they become unable to speak for themselves, to engage health care providers in disseminating information about and assisting in the preparation of advance directives, which include living wills and durable powers of attorney for health care, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

1 **SECTION 1. SHORT TITLE; TABLE OF CONTENTS.**

2 (a) SHORT TITLE.—This Act may be cited as the
3 “Advance Directives Improvement and Education Act of
4 2004”.

5 (b) TABLE OF CONTENTS.—The table of contents of
6 this Act is as follows:

Sec. 1. Short title; table of contents.

Sec. 2. Findings and purposes.

Sec. 3. Medicare coverage of end-of-life planning consultations.

Sec. 4. Improvement of policies related to the use and portability of advance
directives.

Sec. 5. Increasing awareness of the importance of end-of-life planning.

Sec. 6. GAO studies and reports on end-of-life planning issues.

7 **SEC. 2. FINDINGS AND PURPOSES.**

8 (a) FINDINGS.—Congress makes the following find-
9 ings:

10 (1) Every year 2,500,000 people die in the
11 United States. Eighty percent of those people die in
12 institutions such as hospitals, nursing homes, and
13 other facilities. Chronic illnesses, such as cancer and
14 heart disease, account for 2 out of every 3 deaths.

15 (2) In January 2004, a study published in the
16 Journal of the American Medical Association con-
17 cluded that many people dying in institutions have
18 unmet medical, psychological, and spiritual needs.
19 Moreover, family members of decedents who received
20 care at home with hospice services were more likely
21 to report a favorable dying experience.

1 (3) In 1997, the Supreme Court of the United
2 States, in its decisions in *Washington v. Glucksberg*
3 and *Vacco v. Quill*, reaffirmed the constitutional
4 right of competent adults to refuse unwanted med-
5 ical treatment. In those cases, the Court stressed the
6 use of advance directives as a means of safeguarding
7 that right should those adults become incapable of
8 deciding for themselves.

9 (4) A study published in 2002 estimated that
10 the overall prevalence of advance directives is be-
11 tween 15 and 20 percent of the general population,
12 despite the passage of the Patient Self-Determina-
13 tion Act in 1990, which requires that health care
14 providers tell patients about advance directives.

15 (5) Competent adults should complete advance
16 care plans stipulating their health care decisions in
17 the event that they become unable to speak for
18 themselves. Through the execution of advance direc-
19 tives, including living wills and durable powers of at-
20 torney for health care according to the laws of the
21 State in which they reside, individuals can protect
22 their right to express their wishes and have them re-
23 spected.

24 (b) PURPOSES.—The purposes of this Act are to im-
25 prove access to information about individuals' health care

1 options and legal rights for care near the end of life, to
2 promote advance care planning and decisionmaking so
3 that individuals' wishes are known should they become un-
4 able to speak for themselves, to engage health care pro-
5 viders in disseminating information about and assisting in
6 the preparation of advance directives, which include living
7 wills and durable powers of attorney for health care, and
8 for other purposes.

12 side the State in which such directive is presented, even
13 one that does not appear to meet the formalities of execu-

15 is presented to the same extent as such provider or organi-

17 such requirements, except that a provider or organization
18 may decline to honor such a directive if the provider or
19 organization can reasonably demonstrate that it is not an

4 first calendar quarter beginning after the close of
5 the first regular session of the State legislature that
6 begins after the date of enactment of this Act. For
7 purposes of the previous sentence, in the case of a
